reinstatement as provided herein) when system conditions occur that result in tripping the Company for undervoltage or underfrequency load shedding. If such undervoltage or underfrequency load shedding signal is received by the Company prior to Event Minute 3 of the SR Event, then the restriction shall be deemed an event of Force Majeure until service is restored.

After an SR Event has ended, the SR Event shall be reinstated and continue as follows:

- (1) if the SR Event duration was 5 Event Minutes or less, then the SR Event shall be reinstated if BPA restricts deliveries to Company pursuant to its Stability Reserve rights within 2 hours or less of the last SR Event Minute;
- (2) if the SR Event duration was more than 5 Event Minutes but not more than 15 Event Minutes, then the SR Event shall be reinstated if BPA restricts deliveries to Company pursuant to its Stability Reserve rights within 4 hours or less of the last SR Event Minute;
- (3) if the SR Event duration was more than 15 SR Event Minutes but not more than 22 Event Minutes, then the SR Event shall be reinstated if BPA restricts deliveries to Company pursuant to its Stability Reserve rights within 6 hours or less of the last SR Event Minute; and
- (4) if the SR Event duration was more than 22 Event Minutes, then the SR Event shall be reinstated if BPA restricts deliveries to Company pursuant to its Stability Reserve rights within 8 hours or less of the last SR Event Minute.

- (ff) "Stability Reserves" means those reserves, provided by the Company under this Agreement, that are necessary to ensure the stability of the Federal Columbia River Transmission System against losses of transmission facilities

07/16/02 13:23 FAX

011

pursuant to the scheme(s) in Exhibit G or any additional scheme(s) adopted pursuant to section 17 herein. Stability Reserves provided under this Agreement shall not include, without limitation: (1) stability reserves provided by the Customer in the General Transmission Agreement or in other agreements; (2) operating reserves or forced outage reserves that BPA has acquired under this Agreement or under other agreements; and (3) any other reserves that BPA has acquired under other arrangements.

- (gg) "Take-or-Pay Obligation" means the obligation, as modified by section 14, of the Company to pay for the Firm Power purchased by the Company under this Agreement. On an annual basis, the amounts of HLH and LLH Firm Energy that the Company agrees to purchase from BPA is specified in section 9(b) of this Agreement. The monthly amounts of HLH and LLH Firm Energy shall be as specified in Exhibit D. The monthly Demand amounts, for the purposes of this Take-or-Pay Obligation, shall be the monthly Demand amounts specified in Exhibit D. If the calculation of the Take-or-Pay Obligation for a Contract Year for which Demands are not yet required to be specified under section 10(a) becomes relevant, then the Demands for such Contract Year shall be calculated by dividing the annual HLH Firm Energy, if any, for each such Contract Year, as specified in section 9(b), by the number of HLH in a Contract Year. Weekly, daily, and hourly amounts of HLH and LLH Firm Energy are the amounts submitted by the Company pursuant to section 10 of this Agreement.

7. EXHIBITS; INTERPRETATION

Exhibit A (General Contract Provisions), Exhibit B (Fees for Remarketing), Exhibit C (Rate Schedule), Exhibit D (Monthly Amounts of Firm Power), Exhibit E (Points of Delivery), Exhibit F (Unrecoverable Costs and Transfer Costs), Exhibit G (Stability Reserve Scheme(s)), Exhibit H (Arbitration Procedures), and Exhibit I (Use-of-Facilities Charge) are attached hereto and made a part of this Agreement. If there is a conflict between the body of this Agreement and any exhibit, then the

012

(c) **Other Purchases**

This Agreement does not limit the Company's right to purchase power from BPA, consistent with Federal statutes, under other agreements, or to purchase power from third parties

(d) **Minimum Demand for Transmission**

A Company may elect to specify a minimum level of Demand for transmission for any month for the remaining term of this Agreement at the time the Company makes its submission of monthly amounts of Firm Power. Any request to specify a minimum level of Demand made after February 1, 1996, shall be subject to available transmission capacity as described in section 10(a). The Company may assign any excess minimum Demand for transmission consistent with terms for Assignment of Transmission Service under BPA's Point-to-Point Transmission Service Tariff. The amount of minimum Demand for transmission as elected or assigned shall be specified in Exhibit D.

10. MONTHLY, WEEKLY, DAILY, AND HOURLY AMOUNTS OF FIRM POWER

(a) **Monthly Amounts of Firm Power**

Not later than the February 1, immediately prior to October 1 of each Contract Year, the Company shall specify monthly amounts of Demand and HLH and LLH Firm Energy for such Contract Year. The total of the monthly amounts of HLH and LLH Firm Energy shall equal the annual amounts specified in section 9(b) for such Contract Year. The Company may set its Demand in each month in the 1996-1997 Contract Year at any level up to its Contract Demand. Any increase in amounts of Demand for a specific month in a later Contract Year above the greater of: (1) the amount of Demand for such month in the previous Contract Year; or (2) the minimum level of Demand for transmission specified in Exhibit D; is subject to BPA's determination of available transmission capacity. If additional generating resources integrated at points with transmission capacity available to the

07/18/02 13:24 FAX

013

Company's points of delivery are available for BPA's use or purchase, then BPA shall determine that transmission capacity is available under this Agreement. BPA shall also treat as available any transmission capacity made available by the Company to BPA through a reduction in demand under any other transmission agreement with BPA. If BPA determines that firm transmission capacity is not available for the Company's request, BPA will notify the Company within 60 days of the approved level of Demand. Each year, Exhibit D shall be revised to reflect the amounts specified by the Company, consistent with this section 10(a).

(b) Weekly, Daily, and Hourly Amounts of Firm Power

The Company shall either: (i) provide advance submittals of weekly, daily, and hourly amounts of Firm Energy and any Excess Firm Energy pursuant to section 10(b)(1), which will remain as submitted unless changed pursuant to section 10(b)(2); or (ii) provide such submittals pursuant to the terms of section 10(b)(2) only.

(1) Advance Submittals of Weekly, Daily, and Hourly Amounts of Firm Energy

The Company may submit weekly, daily, and hourly amounts in advance of, but not later than allowed under section 10(b)(2). Such advance submittals shall specify HLH and LLH amounts of Firm Energy to be delivered hereunder until the Company changes its submittal. The Company may change any advance submittal pursuant to section 10(b)(2). All advance submittals shall include a beginning and ending hour

07/18/02 13:24 FAX

0014

(6) **Makeup Power**

At the Company's request, BPA shall sell and deliver to the Company energy in excess of the amount shown in Exhibit D (Makeup Power), at the applicable energy charge only established for Firm Energy in the Industrial Firm Power Rate in the Rate Schedule, to the extent that such energy is needed by the Company to restore its operations following a restriction. Such Makeup Power shall not subject the Company to any Unauthorized Increase or other charge

18. **CURTAILMENT OR REMARKETING**

The Company shall have a one-time option, at the time the Company makes its first submission of monthly amounts of Firm Power pursuant to section 10(a) of this Agreement, to either: curtail its purchases pursuant to section 18(a); or remarket Excess Firm Energy pursuant to section 18(b). Following the Company's election, BPA and the Company shall operate under the terms and conditions of either section 18(a) or section 18(b), as applicable.

(a) **Curtailment of Excess Firm Energy for a Fixed Fee**

The Company may curtail its Plant Load below the sum of its Take-or-Pay Obligation plus any amount of Non-Federal Service the Company identifies at the time it elects this curtailment option. BPA shall relieve the Company of its Take-or-Pay Obligation for Demand and Firm Energy for any such curtailed amounts and the Company shall pay BPA the fixed curtailment fee in mills per kilowatthour for each kilowatthour of such curtailed amounts, as specified in the Rate Schedule. Selection of this curtailment option shall relieve the Company of its obligation to pay the use-of-facilities charge specified in Exhibit I for amounts of curtailed energy.

- (1) The Company shall provide BPA as much notice as possible, but not less than 48 hours, of any curtailment of Firm Power usage.

07/16/02 13:24 FAX

015

- (2) If the Company chooses to use Non-Federal Service for part of its Plant Load, the Company shall specify the monthly amounts of demand, HLH energy, and LLH energy of Non-Federal Service, if any, for the term of this Agreement. BPA shall not be obligated to serve these specified monthly amounts, and any service to these amounts shall be subject to an Unauthorized Increase charge, as provided for in section 15(c).
 - (3) Curtailed energy shall be equal to the Company's Take-or-Pay Obligation for Firm Energy reduced by the relief from take-or-pay provisions of section 14, minus the Measured Energy for Firm Power delivered under this Agreement.
 - (4) Election of this curtailment option operates to assign the Company's right to transmit an amount of energy equal to the curtailed energy to BPA.
- (b) **Remarketing Excess Firm Energy Without a Fixed Fee**
- (1) **Notice and Request to Remarket**
The Company shall request that BPA remarket Excess Firm Energy by notifying BPA of:
 - (A) the amount and minimum duration of Excess Firm Energy to be remarketed; and
 - (B) the manner pursuant to section 18(b)(2) in which the Company wants BPA to remarket the Excess Firm Energy
 - (2) **Remarketing Options**
The Company may select one or more of the following options for remarketing Excess Firm Energy:

07/18/02 13:24 FAX

016

- (A) The Company may identify one or more Qualified Purchasers that have agreed to purchase some or all of the Excess Firm Energy under specified terms and conditions at agreed-upon prices or price formulas and for agreed-upon amounts and durations. The Company shall provide BPA at least the notice specified in section 18(b)(3) prior to the date that deliveries are to begin under each proposed sale.
- (B) The Company may arrange in advance for a Qualified Purchaser(s) to purchase any Firm Power that becomes Excess Firm Energy during any period for which the Company and a Qualified Purchaser may agree. The Company shall provide BPA at least the notice specified in section 18(b)(3) prior to the date on which the prearrangement becomes effective. In addition, the Company shall notify BPA as required in section 10(b) when deliveries are to begin under the arrangement.
- (C) The Company may request that BPA find purchasers for the Excess Firm Energy. If the Company chooses, it may request that BPA seek sales of specified amounts for daily, weekly, monthly, or other specified durations, and the Company may specify minimum prices or price ranges for the sales. BPA and the Company shall agree on the price of the sale at the time of the transaction unless the daily limitations in section 18(b)(4)(E) apply. BPA shall promptly notify the Company of the sales made on the Company's behalf.
- (D) The Company and BPA may agree to a price for use in crediting the Company's wholesale power bill under section 18(b)(4). BPA shall have discretion to dispose of or use

07/16/02 13:24 FAX

0017

such Excess Firm Energy without regard to the procedures associated with other options for disposal, and the Company shall have no further rights with respect to such Excess Firm Energy that is subject to such agreement

(3) **Applicability of Preference Provisions**

Excess Firm Energy remarketed by BPA shall be subject to applicable statutory provisions regarding preference. BPA shall notify the Company within the time period specified below if BPA or another Qualified Purchaser with public preference has elected to perform the agreement.

Duration of Sale	Minimum Notice Period to Notify BPA	Maximum Period for BPA to Respond to Company
Up to 1 month	48 hours	24 hours
Up to 6 months	7 days	2 days
Over 6 months	14 days	7 days
Prearrangements under section 18(b)(2)(B)	21 days	14 days

(4) **Crediting the Company's Wholesale Power Bill**

- (A) During months when Excess Firm Energy is being remarketed by BPA, such power shall continue to be included in the amount of Firm Power billed by BPA as if delivered to the Company.
- (B) BPA may sell the Excess Firm Energy to the Qualified Purchaser(s) as arranged by the Company under options section 18(b)(2)(A) and section 18(b)(2)(B) or dispose of such power on whatever alternative terms that BPA may separately arrange. In either event, BPA shall credit the Company for the Excess Firm Energy revenues based on the price(s) agreed to

07/16/02 13:25 FAX

018

between the Company and the Qualified Purchaser(s) net of the amounts specified in section 18(b)(4)(C).

- (C) BPA shall determine the revenues for Excess Firm Energy delivered during a month by subtracting from the amount paid by the Qualified Purchaser (or the amount agreed to be paid or credited if BPA elects not to remarket to the Qualified Purchaser, disposes of or uses the Excess Firm Energy under section 18(b)(2)(D), or remarkets the Excess Firm Energy under section 18(b)(2)(C)): (i) any applicable transmission charges or losses specified in section 18(b)(4)(F); and (ii) the remarketing fee, as specified in Exhibit B. The fee or the pro rata share of the fee that the Company would have paid to another entity under a transaction under section 18(b)(2)(B) shall be deducted from revenues when BPA elects to retain the Excess Firm Energy for itself. No charges shall apply under section 18(b)(4)(C)(i) and section 18(b)(4)(C)(ii) when BPA uses such Excess Firm Energy for its own use or disposes of such Excess Firm Energy under section 18(b)(2)(D).
- (D) BPA shall credit the Company's wholesale power bill for revenues from sales of Excess Firm Energy in the month in which BPA uses such Excess Firm Energy for its own use or disposes of such Excess Firm Energy under section 18(b)(2)(D), BPA is paid for such Excess Firm Energy under section 18(b)(2)(C), or BPA is paid for such Excess Firm Energy by the Qualified Purchaser. If the amount of the credit during any month exceeds the power bill amount, then BPA shall pay the Company the amount of the difference.
- (E) BPA shall credit the Company for sales made under section 18(b)(2)(C) on Company's behalf subject to the

07/16/02 13.25 FAX

019

limitations in this paragraph. For sales of 1 month duration or less, if BPA notified the Company at the start of a transaction that it was subject to daily remarketing limitations and BPA is simultaneously remarketing power for the Company and selling nonfirm energy on a daily basis, then the Company shall receive credit for the energy that BPA remarkets on the Company's behalf on such days at BPA's average sale price for nonfirm energy (including remarketed energy) for such day; provided, however, BPA shall have no obligation to credit the Company at such average daily price to the extent that the total amount of Excess Firm Energy remarketed under similar contract provisions for the Company and other entities providing for daily remarketing limitations exceeds the following limits:

If BPA's actual daily average sales (excluding remarketed amounts) are:		Limit to total amount of remarketed energy:
equal to or greater than (aMW)	but less than (aMW)	(aMW)
0	600	25% of BPA actual sales
600	1,000	200
1,000	1,500	250
1,500	3,000	300
2,000	4,000	400
4,000	5,000	500
5,000	--	600

In the event the above limits are exceeded, the Company shall be credited for its pro rata share of remarketed energy at the average daily price. All sales of remarketed energy for each day under the daily remarketing limitations shall be considered made under a single active schedule to determine remarketing fees. Sales of remarketed energy under the daily remarketing limitations shall be considered made over the southern intertie during the months of April through July, and
